The face of homelessness is changing

The number of families in the Lowcountry who are working and experiencing homelessness is at an all-time high. *Tragically, children are at the heart of this hidden crisis.*

About Family Promise. Our mission at Family Promise is to provide temporary shelter for families with children who are experiencing homelessness ... and provide the support they need to transition to permanent housing. *We are the only shelter in the southern Lowcountry.*

It's a hand up ... not a hand out. To participate in the program, guests are required to have a job. Once families leave the shelter, we continue providing support for 12 months. Our focus is on the longer term and a future full of promise.

We've recently expanded our services and reach ... and need your support more than ever!
